STATE OF NEW JERSEY
EXECUTIVE DEPARTMENT
January 11, 1979.

ASSEMBLY BILL NO. 1644

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1644, with my objections, for reconsideration.

This bill amends the Legislative Services Law to reorganize its divisions and to merge the Legislative Services Agency and the Office of Fiscal Affairs. Its purpose is to enhance the efficiency and the responsiveness of the two agencies.

While I agree with the purpose of the bill, one section of the bill could be construed to affect matters other than those pertaining to the Legislature. Specifically, Section 11 might be construed to require all branches of State government, not only the Legislature, to obtain approval of the Legislative Services Commission before awarding a contract for consultants' services.

I am, therefore, returning Assembly Bill No. 1644 with the following suggestions:

Page 7, Section 11, Line 4: Omit "State"

Page 7, Section 11, Line 4: Following the word "funds" omit "," and insert "appropriated or otherwise made available to the office of Legislative Services,"

Respectfully,

/s/ BRENDAN BYRNE,
Governor.

ASSEMBLY BILL NO. 141 (ACS)

To the General Assembly:

Pursuant to Article V, Section 1, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 141, with my objections, for reconsideration.

This bill would exempt volunteer operators of buses owned and exclusively used by charitable organizations from the payment of the bus driver license fee, which is $8.00 for two years, and the examination permit fee, which is $25.00. In addition, the bill provides that a holder of a valid New Jersey driver's license who has had at least 90 days or 200 hours experience in driving buses would be eligible to receive the license to operate such buses without examination upon application and proof of driving experience satisfactory to the Director of the Division of Motor Vehicles. The holder of such a bus license who had paid the $25 fee pursuant to N. J. S. A. 39:3-13 would be entitled to a refund of the fee, whenever the applicant established to the satisfaction of the Director that he had used and would continue to use the license exclusively for operating buses owned by a nonprofit organization.

As a means of removing the burden of these fees from nonprofit organizations, the bill is admirable, but it does have the potential of drawing revenue from the State at an inopportune time. Especially troublesome is the provision that the $25 fee be refunded by the State when applicants establish that they had used and will use the license exclusively for operating buses owned by a nonprofit organization. Because this provision would create a drain on the general fund of indeterminate magnitude, I recommend that this provision be deleted from the bill so that the bill would be entirely prospective in operation.

Accordingly, I herewith return Assembly Bill No. 141 for reconsideration and with the recommendation that it be amended as follows:

Page 4, Section 3(b), Lines 10-17: Delete in entirety.

Respectfully,

/s/ BRENDAN BYRNE,
Governor.

Further Resolved, That it be amended in accordance with the Governor's recommendations and advanced to second reading by Special Order.

The following bill was given second reading by Special Order:

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

ASSEMBLY BILL NO. 727 (OCR)

To the Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constiution, I herewith return Assembly Bill No. 727 without my approval.

Assembly Bill No. 727 would authorize the Director of the Division of Dairy Industry in the Department of Agriculture, where necessary to insure a market for milk produced by New Jersey dairy farmers, to assign the milk of such farmers to dealers and processors doing business in this State. Such dealers and processors, would, as a condition of licensure, be required to agree to purchase up to 25% New Jersey milk should such assignments prove necessary. In making this assignment the Director would have to consider transportation costs and the proportion of milk then being obtained from New Jersey farmers by the dealer or processor. Failure of the dealer or processor to accept an adequate amount of New Jersey milk would be cause for suspension or revocation of his license.

The apparent purpose of this legislation is to help assure that New Jersey farmers have a market for the milk that they produce. While this may have been an issue when the bill was introduced, the Department of Agriculture informs me that changes in the market situation since that time have resulted in relatively stable market conditions with New Jersey farmers having found markets for their milk. In light of these facts, I believe the enactment of this bill at this time is no longer necessary.

Moreover, there appear to be some troublesome legal questions concerning the requirement that dealers and processors accept 25% of their milk from New Jersey farmers. The fact that the bill is no longer needed together with the legal questions concerning the bill weigh heavily against its enactment.

I am, therefore, returning Assembly Bill No. 727 without my approval.

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,
Governor.

January 24, 1979.

Mr. John T. Miller, Jr.
Clerk, General Assembly of New Jersey
State House
Trenton, New Jersey 08625

Dear Mr. Miller:

In accordance with Section 2:8 of the Code of Ethics, I hereby advise you that, as an attorney-at-law, I have occasionally represented the buyers and sellers of taverns and/or package goods stores in the State of New Jersey. I am currently involved in one such transaction, as attorney for one of the parties. Such representation has never constituted more than a small fraction of my overall law practice. I have not now and never have been on a "retainer" basis by any person, firm or other entity engaged in the sale or distribution of alcoholic beverages.

Neither I nor any member of my family has any interest of any kind, direct or indirect, in any business or premises involving the sale or distribution of alcoholic beverages, except for my uncle, Myles Darby, who owns a tavern in the Republic of Ireland.

This disclosure statement is forwarded because the Assembly Judiciary Committee, of which I am a member, is considering Senate Bill No. 1126, which would raise the drinking age in New Jersey from eighteen to nineteen. I fully intend to participate in all of the deliberations surrounding this measure, and to cast a vote on the measure, both in committee and on the floor of the General Assembly.

Faithfully,

WILLIAM F. DOWD.

January 23, 1979.

John J. Miller, Jr.
Clerk of the General Assembly
State House
Trenton, New Jersey 08625

Re: Senate Bill No. 1126

Dear John:

The Assembly Judiciary, Law, Public Safety and Defense Committee which I chair has undertaken consideration of Senate No. 1126, which bill seeks to raise the drinking age from 18 to 19.

Therefore I believe it appropriate, and consistent with my obligations as a legislator pursuant to the Legislative Code of Ethics, particularly Rule 2:8, to disclose what contacts and business interests I have or have had that may bear directly or indirectly on my ability to impartially consider this legislation now before my committee.

To that end, I wish to advise that in my fifteen years as a duly licensed New Jersey attorney, and during the last ten years that I have been associated with other lawyers, present firm name, Herman, Pearson, Crass and Barry, that I and they have been attorney of record for beverage dealer licensees, either as buyer or seller, during that time. In all probability such representation of a buyer or seller in these transactions have averaged no more than 2 or 3 per year. Such representation annually constitute a very minimal percentage of our firm's gross fees. Likewise I am not aware of more than a few licensees who would constitute an annual retainer client, those again constituting a very small percentage of our firm's gross earnings.

There is, however, one other business interest that requires broader amplification in keeping with the intent and spirit of our Rules.

In the fall of 1978 one of my firm's junior associates, Thomas J. Barry, Esquire, was asked to represent the interests of Alfred Sprigman and Robert Ducette, two of the principals in a restaurant/tavern, the Bull's Head Inn, located near my office on Broad Street in Woodbury, New Jersey, in a corporate/partnership dispute involving a third principal, James Cook. Mr. Cook's interest was represented by Robert McFarland, Esquire, an attorney located in Woodbury, New Jersey. The essence of the dispute was one of management and who should retain control. After much effort by each side to convince the other to sell, Cook filed a receivership action in the Superior Court in the late fall of 1978, alleging the corporation to be insolvent in order to force a total asset sale. Sprigman and Ducette, in an effort to remain in the business, sought local bank financing in order to buy Cook out. Because the banks did not consider their personal financial statements strong enough to merit the degree of capital necessary, in a last ditch attempt to purchase Cook's interest, Sprigman and Ducette asked Barry to explore with our firm the possibility of our securing Cook's interest. As part of that transaction our firm would be required to assume the balance of loans owed by Sprigman and Ducette to Cook, plus purchase all of Cook's equity interest. The Sprigman and Ducette loans represented a balance due on their portion of equity.

As of mid-November, 1978 when it became obvious that bank or other financing could not be arranged for Sprigman and Ducette, the net equity of the Bull's Head Inn (total values of assets less long term and short term debts) was approximately $135,000, or approximately $45,000 per principal; Sprigman and Ducette each also owed Cook approximately $24,000.

After some discussion with the other principals of my firm, particularly William R. Pearson, Esquire and Harold L. Crass, Esquire, it was agreed that this investment had good long term potential, that the loans could be assumed by the firm pension plan with assurance of a good rate of guaranteed annual return, and most importantly, since Sprigman and Ducette were willing to pledge the equity in their homes as collateral (equal or greater to the loan assumption total), that there would be no risk to the pension plan funds.

At this juncture Barry advised Sprigman and Ducette that the firm would be willing to participate. In order to guarantee a hands-length transaction Sprigman and Ducette were requested by us to secure other legal counsel to represent their interest in setting the parameters of the agreement between us in negotiation, which Sprigman and Ducette did by the hiring of John Tomasello, Esquire of Woodbury, New Jersey.

Salient Facts Concerning this Transaction:

1. Settlement with Cook, dismissal of receivership action in the Superior Court, December, 1978.

2. Loan assumption, approximately $48,000, secured initially by equity in Sprigman and Ducette's homes, collaterally secured in the event of deficiency by the assets and realty of the Bull's Head Inn, et al.

3. Restructuring of corporate interest occurred giving Herman, Pearson, Crass and Barry in their individual capacities (but collectively) 51% interest, Sprigman and Ducette 49%; and at the end of 5 years upon repayment of personal notes, Sprigman and Ducette will own 60% of the equity, Herman, Pearson, Crass and Barry 40%.

4. As to the law firm, the principals as individuals contributed—with resulting equity interest—as follows:

	Cash Invested	Equity at 51%	Equity at 40%
Herman	$15,000	15⅓%	12%
Pearson	$15,000	15⅓%	12%
Crass	$15,000	15⅓%	12%
Barry	$ 5,000	5 %	4%

The remainder of the unexpended cash put up by Herman, Pearson, Crass and Barry, approximately $5,000 not used to pay off Cook has been either utilized to pay some of the

Bull's Head Inn corporate debts or presently is reserved for future investment purposes.

As to the Operation of the Bull's Head Inn:

1. The Bull's Head Inn, located on North Broad Street, Woodbury, New Jersey is a restaurant/tavern of historical significance. It has been in continuous operation since the 1730's, making it one of the oldest continuously operating taverns in the State of New Jersey, if not in the United States. It was originally designated as "Wilkins' Inn." It is duly noted by the City of Woodbury as one of its important historical sites. There is great interest by the Woodbury Historical Restoration Committee, as well as myself, in advancing the historical significance of this tavern.

2. The Inn is open for lunch, dinner and evening entertainment six days a week, there being no Sunday liquor sales permitted in the City of Woodbury.

Other Points of Information:

1. Based on my personal observations and extensive discussions with employees of the Bull's Head Inn, although it caters to a number of young adults on Thursday, Friday and Saturday evenings, very few of the patrons are 18 year olds. Therefore, the passage of the Graves' legislation would have minimal or no financial impact on the tavern's operations.

2. Although as Committee Chairman, I intend to the extent possible to refrain from taking an advocacy position on this bill, I have as early as June, 1978—many months before any contemplated or known involvement by our firm in either providing legal services or thereafter financial assistance to the principals of the Bull's Head Inn—have expressed a point of view contrary to that of Senator Graves. That point of view was highlighted in an hour-long T.V. program, THE JOEL SPIVAK SHOW, aired on Channel 10, a Philadelphia CBS affiliate in June, 1978. In preparation for that show, my staff and I spent untold numbers of hours in research and collecting data on this

issue, as well as the issue of alcohol abuse and potential legislative solutions. Therefore, any views or conclusions reached by me or since enunciated by me were formed based on that research and collection of data no later than June of 1978. Likewise my point of view has been long discussed with members of the media (in fact on occasion reported in the papers) many months prior to any known or possible contemplation by way of representation or acquiring a financial interest in reference to the Bull's Head Inn.

3. I have assured Senator Graves that I would personally support release of Senate No. 1126 from committee in whatever final form the Judiciary Committee, after due deliberation, recommends—and that I would urge other members of my committee to do likewise, so the full membership of the General Assembly can have an opportunity to vote on this measure.

I, therefore, have come to the following conclusions:

1. To fulfill the spirit and intent of the Legislative Code of Ethics that the integrity of the process would best be served by full disclosure of my interest, and that of my associates in the Bull's Head Inn. I believe that this document represents that full disclosure; and

2. Having committed to Senator Graves to support release of Senate No. 1126, and having determined in my mind, without any reservation whatsoever that Senate No. 1126 would have minimal or no financial impact, if enacted, for me or with those whom I am associated; and

3. That any views publicly expressed by me on this issue predated the Bull's Head Inn transaction.

I therefore conclude that my chairing of these hearings would not violate in any way either the spirit or letter of the Code of Ethics; that I believe that I can fully participate in a fair and objective manner in these committee deliberations.

One last note: Usually I would apologize for the length of this document. However, I believe if the legislative process is to retain any degree of public respect, that such a detailed explanation was a must, and that we who choose to participate in the legislative process must be willing to expose their private and business involvements to the broadest public scrutiny, allowing our citizens full opportunity to come to their own conclusions in this regard. Again, I believe that this document to that degree speaks for itself.

Accordingly, believing that I am in full compliance with Section 2:8 of the Code of Ethics I am willing to stand that public scrutiny, and ask that this communication be made available for public inspection and be spread upon the minutes of this General Assembly.

Respectfully submitted,

Assemblyman Martin A. Herman,

Mr. John T. Miller Jr.
Clerk, General Assembly of New Jersey
State House
Trenton, N. J. 08625

Dear Mr. Miller:

In accordance with Section 2:8 of the Code of Ethics, I hereby advise you that, as an attorney-at-law, I have occasionally represented the buyers of taverns and sellers of taverns and employees thereof in suits against their employers. I recently represented a purchaser in such a transaction. Such representation has never constituted more than a small fraction of my overall law practice. I have not now and never have been on a "retainer" basis by any persons, firm or other entity engaged in the sale or distribution of alcoholic beverages.

Neither I nor any member of my family has any interest of any kind, direct or indirect, in any business or premises involving the sale or distribution of alcoholic beverages, except for my uncle, Charles R. Kern, who owned a tavern in Morris County from 1955 to 1959. He has since sold and relocated out of state.

This disclosure statement is forwarded because the Assembly Judiciary Committee, of which I am a member, is considering Senate Bill 1126, which would raise the drinking age in New Jersey from eighteen to nineteen. I fully intend to participate in all of the deliberations surrounding this measure, and to cast a vote on the measure, both in committee and on the floor of the General Assembly.

Yours truly,

Walter M. D. Kern, Jr.

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
April 12, 1979.

ASSEMBLY BILL NO. 578 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 578 (OCR), without my approval.

This bill would amend the Sales and Use Tax Act of 1966 to tax the sales of food and beverages sold through coin operated vending machines at the wholesale price of such sale, which is defined as 60 percent of the retail vending machine selling price. It would thereby establish a lower rate of taxation for one category of sales.

Our tax is a retail sales tax based upon the full sales price to the ultimate consumer. If this bill were enacted, it would depart from the general taxing scheme of our existing statute. I see no reason to approve such a departure at this time.

In addition, the issue of taxability of food sold through vending machines is the subject of a case pending consideration by the New Jersey Supreme Court. The Division of Taxation has taken the position that the items in question are taxable by the State at the full retail sales price. Under all the circumstances, I believe it is more appropriate to await the outcome of the judicial proceedings on the taxability of food sold through vending machines.

There is, therefore, no need for further consideration of Assembly Bill No. 578 (OCR).

Respectfuly,

/s/ BRENDAN BYRNE,
Governor.

Honorable John J. Miller
Clerk, General Assembly
State House
Trenton, New Jersey 08625

Dear Jack:

I am writing, pursuant to Section 2:8 of the Legislative Code of Ethics, to advise you that, notwithstanding my legal representation of the Prudential Insurance Company in certain mortgage foreclosure and tenancy matters, I am able to cast a fair and objective vote on and otherwise participate in consideration of Senate Bill 3089 and Assembly Bill 3058 which would increase the maximum interest rate on mortgages.

Cordially yours,

ALBERT BURSTEIN.

Honorable John J. Miller, Jr.
Clerk of the General Assembly
State House
Trenton, New Jersey 08625
Honorable Robert E. Gladden
Secretary of the Senate
State House
Trenton, New Jersey 08625

Gentlemen:

After years of litigation and struggle, employees of the former Raybestos-Manhattan Company, Passaic, New Jersey plant have reached a financial settlement with the company involving pension rights. The lengthy court battle was engendered in part by a desire of the workers to gain a measure of economic justice under an Act of the New Jersey Legislature signed into law in 1973. As a Senator from Passaic County at that time, I vigorously supported the legislation for the sole purpose of aiding Raybestos employees or any other New Jersey company employees found to be in similar circumstances due to the unconscionable actions on the part of their employers.

Approximately seven months after the passage of the bill by the Senate and five months after then Governor Cahill signed the bill into law, several former Raybestos' employees contacted Pat Di Ianni, Esq., with whom I was sharing offices. As a result of these initial discussions, Mr. Di Ianni was retained either in October or November 1973 by a committee of former employees of Raybestos-Manhattan to undertake legal action on behalf of the employees to procure their pension rights.

On March 1, 1978 I entered into an agreement to establish the law firm of Bate, Di Ianni & Pogorelec as a partnership. At my insistence that agreement contains the provision that I would not, either as a partner or as an individual, share in or receive any legal fees resulting from the settlement of Raybestos' case. While there appears to be no legal precedent that would prevent me from sharing such fees, it is my firm conviction that it would be morally wrong to do so.

The spirit, if not the letter of the law, in my estimation, requires that no legislator should by his vote knowingly profit from the circumstances such as prevailed in the case of the Raybestos workers. Since my vote at the time was predicated upon a sincere desire to secure justice for those involved, I have no right six years later to turn that vote into an opportunity for personal gain.

I file this report with you in the hope that it may form part of the legislative record to guide others in a similar situation where there seems to be no clear-cut benefit of law.

Very truly yours,

WILLIAM J. BATE.

STATE OF NEW JERSEY
EXECUTIVE DEPARTMENT
May 3, 1979.

ASSEMBLY BILL No. 1753 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1753 (OCR), without my approval.

This bill would make it unlawful for an employer to permit or require an employee to participate in the maintenance or repair, whether or not for emergency purposes, of voltage lines having voltage differential in excess of 13,200 volts between any pair of conductors or in excess of 7,600 volts between any conductor and ground, unless such conductors are deenergized before such work is commenced, or unless such work is performed on energized lines without use of the glove or bare hand method. The bill further provides that no employee shall be discharged or discriminated against for refusing to perform such work and that no contract to the contrary shall be enforceable. The act is to be administered by the Commissioner of Labor and Industry, but it contains no specific enforcement power. The act would not apply to railroads.

On April 7, 1975, I returned Assembly Bill No. 522Acs to you without my approval. That bill was similar to Assembly Bill No. 1753. At that time, I expressed my deep concern over the safety of electrical workers and other employees who were the intended beneficiaries of that bill, as they are of this bill. I returned Assembly Bill No. 552Acs without my approval because the subject matter of the bill was preempted by the Federal Occupational Safety and Health Act of 1970.

The Attorney General and the Department of Labor and Industry inform me that nothing has happened in the intervening years to alter the situation with respect to federal preemption. As was the case with Assembly Bill No. 522Acs, my signature on this bill would represent a meaningless act.

I am, therefore, returning Assembly Bill No. 1753 (OCR) without my approval.

Respectfully,

/s/ BRENDAN BYRNE,
Governor.

Mr. Burstein moved that the message be spread in full upon the minutes.

The Clerk read the following letter:

Mr. John Miller, Clerk
Assembly Chambers
State House
Trenton, N. J. 08625

Dear John:

As ridiculous as this may seem, I am formally notifying you of my interest in Winslow Corporation Component Housing and Wood Manufacturing. Even though this interest is disclosed in the Legislative Index, in all my printed biographies, and in a voluntary financial disclosure statement which I circulated in May of 1978.

I would further advise you that this Company does business with A. P. Orleans, a developer who is now located in the pinelands, but who was not, when the contract to supply roof trusses was signed, since there was no moratoriums or pinelands bills, at that time.

In the last six months, the Company in which I have an interest, did a gross of $66,000, a net profit of $5,400. My salary with Winslow Corporation, last year, was a gross of $20,000, which amounted to a net of approximately $16,000. The Company, having some financial difficulties, I was forced to lend back $14,500 of my $16,000 net, which leaves me with a net-net salary, for one year, of $1,500, with no expenses.

Based on the above information, I feel I can impartially participate on Senate No. 3091, and matters relating thereto.

Respectfully,
KENNETH A. GEWERTZ,
Assemblyman—Dist. 4.

P.S. I am filing this letter not because the information has not already been disseminated, but to make sure that nothing will preclude me from properly representing my constituents. The original article was done by a local newspaper, the Courier Post, to offset an article by the Philadelphia Bulletin on another member of the Legislature. Unfortunately, they did not take the time to do the article properly, but that is showbiz.

cc: Mr. William Lanning.

ASSEMBLY BILL NO. 573

To the Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 573, without my approval.

This bill would require every municipality which issues identification cards to its volunteer or part-paid firemen to include on such identification cards, the date of issue and the name, address, photograph, right thumbprint and signature of the fireman to whom it was issued. The statement of the Assembly Municipal Government Committee indicates that this information would be identical to that provided on New Jersey State Police identification cards.

The reason for the bill set forth in that committee statement is that firemen frequently are engaged in hazardous duty on private premises and therefore should be able to identify themselves. However, if a fireman is engaged in fighting a fire, I do not see why he would need a detailed identification card.

Proponents of the bill argue that these identification cards would aid in identification of persons fighting fires who die in those fires. While this seems to be the most plausible reason for the bill, if a fire is serious enough to disfigure a person to the degree he cannot be recognized, I question whether the identification card, in whatever form, would survive.

At present, various municipalities voluntarily issue identification cards to their volunteer firemen and include such information as they deem appropriate. There is no legal requirement that such cards be issued. This bill would mandate that municipalities which issue such cards include certain detailed information. However, if a municipality does not issue such cards, this bill would not require it to do so. Further, if a municipality wanted to stop issuing such cards altogether, this legislation would not prevent it from doing so. I see no reason to burden those municipalities which issue cards voluntarily while not affecting the communities which elect not to do so.

One additional problem arises in that municipalities would be required to take certain actions within "60 days of the passage of this act." The use of the term "passage" is somewhat troublesome in that the usual phrase is "within 60 days of the effective date of this act."

There is, therefore, no need for further consideration of Assembly Bill No. 573.

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,
Governor.

ASSEMBLY BILL NO. 1295

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1295, with my recommendations for reconsideration.

This bill would require equal reimbursement for dentists performing covered services within the lawful scope of practice under individual health insurance policies. While many covered services fall within the lawful scope of practice of physicians and dentists, some insurers will only reimburse their insureds when the service is performed by a physician. This bill would eliminate such discrimination.

Assembly Bill No. 1295 needs to be reconsidered by the Legislature because its application to existing insurance policies which specifically limit reimbursement to licensed physicians could impair the obligation of contract in violation of Article I, section X of the United States Constitution and Article IV, Section VII, Paragraph 3 of the New Jersey Constitution. See, *Maryland Medical Service, Inc. v. Carver*, 209 A.2d 582 (Md. Ct. App. 1965).

The bill should only apply to existing contracts which restrict reimbursement to physicians when they are amended, renewed or ratified. For the purposes of this bill, renewal should include the right of a company to increase the premium on an otherwise guaranteed renewable contract, since this bill does not increase the scope of covered services.

Accordingly, I herewith return Assembly Bill No. 1295 for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Line 2: After "insurance contract," add "hereafter delivered, issued for delivery, amended, renewed or ratified in this State,".

Page 1, Section 2, Lines 1 and 2: After "2", omit entirely and insert:

"The provisions of Section 1 of this act shall also apply to any policy or contract of individual health insurance already delivered or issued for delivery in this State, if such policy or contract does not limit reimbursement to specific types of duly licensed health care professionals other than dentists.

3. For the purposes of this act, a policy or contract in which the company has reserved the right to change the premium shall be considered renewed as of the date on which the premium is changed or is subject to change."

Respectfully,

ASSEMBLY BILL No. 1892 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I return Assembly Bill No. 1892 (OCR), with my objections, for reconsideration.

This bill would amend N. J. S. 40A:12–21 and 40A:14–69 to permit a county or municipality to convey to a board of fire commissioners at private sale for a nominal consideration real property not needed for county or municipal purposes. Currently, such sales are authorized in the case of volunteer fire companies, first aid and emergency or volunteer ambulance or rescue squad associations, certain veteran's associations, nonprofit hospital associations, paraplegic veterans, animal shelters, historical societies and cemetery organizations.

While I support the concept of this legislation, I believe several technical amendments are needed. N. J. S. 40A:14–69 was repealed by section 16 of P. L. 1979, c. 86, enacted on May 15, 1979. The repealed section of law appeared unnecessary and duplicative in that its subject matter seemed adequately covered by N. J. S. 40A:12–21.

Accordingly, I respectfully recommend the following changes in Assembly Bill No. 1892 (OCR):

Page 1, Title, line 2: Delete "N. J. S. 40A:14–69 and".

Pages 2 and 3, Section 2, lines 1 to 8: Delete in their entirety.

Page 3, Section 3, line 1: Delete "3." insert "2.".

Assembly Bill No. 1294

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1294, with my recommendations for reconsideration.

This bill would require equal reimbursement for dentists performing covered services within the lawful scope of practice under group health insurance policies. While many covered services fall within the lawful scope of practice of physicians and dentists, some insurers will only reimburse their insureds when the service is performed by a physician. This bill would eliminate such discrimination.

Assembly Bill No. 1294 needs to be reconsidered by the Legislature because its application to existing insurance policies which specifically limit reimbursement to licensed physicians could impair the obligation of contract in violation of Article I, Section X of the United States Constitution and Article IV, Section VII, Paragraph 3 of the New Jersey Constitution. See, *Maryland Medical Service, Inc.* v. *Carver*, 209 A.2d 582 (Md. Ct. App. 1965).

The bill should only apply to existing contracts which restrict reimbursement to physicians when they are amended, renewed or ratified. For the purposes of this bill, renewal should include the right of a company to increase the premium on an otherwise guaranteed renewable contract, since this bill does not increase the scope of covered services.

Accordingly, I herewith return Assembly Bill No. 1294 for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Line 2: After ''insurance,'', add ''hereafter delivered, issued for delivery, amended, renewed or ratified in this State,''.

Page 1, Section 1, Line 3: Omit ''reimbursemeent'', and insert ''reimbursement''.

Page 1, Section 1, Line 10: Omit ''reimbursemeent'', and insert ''reimbursement''.

Page 1, Section 2, Lines 1 and 2: After "2.", omit entirely and insert: "The provisions of Section 1 of this act shall also apply to any policy or contract of group health insurance already delivered or issued for delivery in this State, if such policy or contract does not limit reimbursement to specific types of duly licensed health care professionals other than dentists.

3. For the purposes of this act, a policy or contract in which the company has reserved the right to change the premium shall be considered renewed as of the date on

which the premium is changed or is subject to change.".

THE PORT AUTHORITY OF NY & NJ

June 15, 1979.

Hon. John J. Miller, Jr.
Clerk of the General Assembly
State of New Jersey
State House
Trenton, New Jersey 08625

Dear Mr. Miller:

In accordance with the provisions of Chapter 110 of the Laws of New Jersey, 1978, which provided for Port Authority participation in industrial development, I have the honor to transmit herewith a copy of the action taken by the Port Authority on May 30, 1979 in connection with the purposes of such Chapter.

Sincerely,

Doris E. Landre,
Secretary.

cc: Hon. Brendan T. Byrne,
Governor,
State of New Jersey.

Industrial Development Program—Acceptance of Federal Aid for Resource Recovery Studies

It was reported that the Port Authority submitted an application for federal aid under the President's March, 1978 policy to aid urban areas in planning for and performing detailed feasibility analyses of resource recovery projects.

A three-phase feasibility study is presently contemplated which would include all the technical aspects of the processes; the marketing of recovered materials; economics; site analyses; plant design; arrangements with municipalities, utilities, vendors and tenants; and, conformance to appropriate environmental regulations.

The Environmental Protection Agency is in the final steps of review before granting federal aid of $163,000 in support of phase one of the Port Authority resource recovery studies. The Port Authority would contribute $54,000 to this phase, of which approximately one-third would be for staff and related services and approximately two-thirds for "outside" expenses, such as consultant and contractor services.

It is expected that the Environmental Protection Agency will make available federal aid of approximately $458,000 for phase two of the studies and $675,000 for phase three. The Port Authority contribution for these two phases would be approximately $153,000 and $225,000, respectively, of which approximately one-third would also be for staff and related services and approximately two-thirds for "outside" expenses such as for consultant and contractor services. Phases two and three will be the subject of future recommendations to the Committee.

The Port Authority's action in applying for this federal aid has been taken with strong support of the Mayor of the City of New York, the executives of Essex and Hudson Counties and the Mayors of Newark and Jersey City. The Counties of Essex and Hudson would perform certain of the work to be done under the grant. The study program, therefore, is a joint effort to determine conclusively the feasibility of resource recovery facilities at industrial park sites in both New York and New Jersey.

Phase one of the work program is expected to extend over a four-month period, phase two is expected to extend over eight months and phase three, which includes contractor selection, would begin only after satisfactory results are obtained from phases one and two.

The City of New York also submitted an application to the Environmental Protection Agency for funding under this program. The Port Authority, the City and the United States Environmental Protection Agency are coordinating the two programs to avoid unnecessary duplication.

It was recommended that the Committee authorize the Executive Director to accept the Grant Offier.

The Committee has the power to take this action pursuant to the By-Laws, Article XI, section D, paragraph 6.

Whereupon, the following resolution was unanimously adopted:

Resolved, That the Executive Director be and he hereby is authorized to accept approximately $163,000 of federal aid from the United States Environmental Protection Agency to enable the Port Authority to perform the first phase program to study the feasibility of resource recovery as it relates to the Port Authority's industrial development program; provided that the terms of the Grant Offer are satisfactory.

Approved:

Secretary.

Assembly Bill No. 3318

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 3318, with my objections, for reconsideration.

This bill would amend the Casino Control Act (P. L. 1977, c. 110) primarily to increase the annual tax on the gross revenues of casinos from eight percent to 11 percent when two casinos are in operation, nine percent when three are in operation and eight and one-half percent when four are in operation. When five casinos are in operation, the tax will return to eight percent.

The proposed casino tax increase is linked with Assembly Bill No. 3526 which would establish a Lifeline Credit Program. The program would provide a $100 line of credit to all gas and electric utility customers eligible to receive benefits under the Pharmaceutical Assistance to the Aged (PAA) Program or the Supplemental Security Income (SSI) Program in order to defray a portion of their utility bills for the coming and succeeding winters. By its terms, A-3526 will remain inoperative until the funding for the program is provided by an increase in the casino tax.

I am returning this bill together with a recommendation to expand the category of eligible recipients in A-3526 to include disabled persons who have the same income qualifications as PAA recipients, in addition to those receiving SSI benefits. Casino tax revenues are intended to benefit both senior citizens and disabled persons. I find no reason not to include disabled persons who have identical income limitations as eligible senior citizens.

An estimated 60,000 disabled persons could be assisted by such an amendment and, at that level of participation, the additional cost of the program would be $6 million.

I urge the Legislature, therefore, to amend this bill to increase the rate of taxation to 14 percent for two casinos, 12 percent for three, 10 percent for four and 8 percent for five or more. Furthermore, I ask that the provision directing a special assessment on the casinos to accelerate repayment to the Casino Control Fund of the moneys appropriated from the General State Fund for the start-up costs of the Casino Control Commission and Department of Law and Public Safety be reinstated.

At these increased rates, the estimated revenue will not only be adequate to fund the proposed program but also to provide a fiscally sound operating margin for the program even if all potential recipients apply for the credit.

The tax increase I am recommending to be imposed on the casinos is a considerable one, but reflects the fact that initial casino profits have been extraordinary, and much higher than had been originally anticipated. For those who say that this reflects an unpredictability in our attitude toward the industry, I may observe that the legislative framework was changed to accommodate the industry to make the temporary licensing framework possible which in turn induced the exceptional profits.

Under our Constitution, the State revenues derived from casino operations are to provide reductions in the property taxes, rentals, telephone, gas, electric and municipal utilities of senior citizens and disabled persons. I have no hesitation, therefore, supporting a higher tax rate to divert a portion of these windfall profits to defray essential utility costs which together with the Federal crisis intervention program, give some measure of relief to persons who may be particularly burdened by the high fuel bills anticipated for this winter.

I recognize that some deserving senior citizens and disabled persons are not eligible for the lifeline credit under the bill as passed or the amendments I have suggested. In order to effectuate this program in time for the 1979-1980 heating season, however, it is necessary to first benefit those senior citizens and disabled persons who are most in need and who can be readily identified. As more casinos begin operation and the tax revenues are fully realized, it is my hope that the Legislature will reconsider this issue during its next session and that the program will be expanded.

The establishment of a program of relief from rising utility costs to senior citizens and disabled persons has been a high priority of the Administration, and I applaud the Legislature's action to institute the Lifeline Credit Program, despite the reservations which I have set forth. If, however, the Legislature does not concur with my recommendations, this conditional veto may be overridden so that the Lifeline Credit Program can begin, even at a reduced level.

Accordingly, I recommend that A-3318 be amended as follows:

*Page 2, Section 2, Line 9*A: delete "11%" and insert "14%".

*Page 2, Section 2, Line 9*B: delete "9%" and insert "12%".

*Page 2, Section 2, Line 9*C: delete "8.5%" and insert "10%".

Page 4, Section 2, Line 78: add new Section 3 to read:

"Any outstanding loan to the Casino Control Fund from the General Fund as of July 1, 1980 shall be repaid, including interest, to the General Fund from a special assessment to casinos in operation on that date. Such assessment shall be determined by the Casino Control Commission and shall be payable in full by December 31, 1980."

Assembly Bill No. 3526

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 3526, with my objections, for reconsideration.

This bill would authorize the Board of Public Utilities to establish a "Lifeline Credit Program" which would provide a $100.00 line of credit to be used to pay the electric or gas utility bills of each eligible customer.

Eligible customers are defined to include senior citizens who are eligible for Pharmaceutical Assistance to the Aged and persons who are receiving Supplemental Security Income.

I believe that additional Social Security disabled persons, specifically those who satisfy the income eligibility requirements for the Pharmaceutical Assistance to the Aged program, should also be eligible for the lifeline utility credit program. I have set forth my reasons for expanding this program and for increasing the casino revenue tax which will support this program in the conditional veto message which accompanies my return of Assembly Bill No. 3318 for reconsideration.

In order to satisfy the additional fiscal requirements of an expanded program and to maintain an adequate operational margin, I believe that an additional $12 million should be appropriated for the "Lifeline Credit Program". I also believe that an additional $500,000 should be appropriated to cover the administrative costs of determining the eligibility of this expanded group of potentially eligible disabled persons.

Accordingly, I recommend that A-3526 be amended as follows:

Page 1, Section 2, Line 8: Insert "or c. who is defined as disabled pursuant to the federal Social Security Act (42 U. S. C. section 416(i)) and satisfies the income eligibility requirements for the Pharmaceutical Assistance to the Aged program," *Page 3, Section 8, Line 2:* Delete "$32,000,000.00", insert "$44,000,000.00"

Page 3, Section 8, Line 7: Delete "$1,500,000.00", insert "$2,000,000.00"

Respectfully,

/s/ BRENDAN BYRNE,
Governor.

ASSEMBLY BILL NO. 1110 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section 1, paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1110 (2nd OCR) with my objections, for reconsideration.

This bill would require medical service corporations to provide second medical opinion benefits to individual subscribers and to group subscribers when requested by the group policyholder. The program would pay for expenses related to a second medical opinion on the advisability of elective surgical procedures.

I support the expansion of second medical opinion programs. When properly utilized, they can prevent unnecessary surgery and reduce health care costs. I am returning the bill to you because I believe the definition of qualified physician to be too narrow. Internists should be permitted to render second opinions in appropriate cases. In addition, the term "eligible" should be substituted for "qualified." A physician who is not board certified is not an unqualified physician.

Accordingly, I herewith return Assembly Bill No. 1110 (2nd OCR) with my recommendations for reconsideration and recommend that it be amended as follows:

Page 1, section 1, line 10: Omit "a qualified" and insert "an eligible".

Page 1, section 1, line 17: Omit "Qualified" and insert "Eligible".

ASSEMBLY BILL NO. 1275

CONDITIONAL VETO

To the Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1275 with my objections, for your reconsideration.

A-1275 extends the life of the State Commission of Investigation (SCI) to December 31, 1984, and implements most of the recommendations of "The Governor's Committee to Evaluate the S.C.I." (The Weintraub Committee) with regard to that agency's operation.

As we all know, the S.C.I. was created by legislation adopted in 1968 as part of the anti-crime legislative package recommended by the Joint Legislative Committee to Study Crime and the System for Criminal Justice in New Jersey (the Forsythe Committee). Since then, the S.C.I. has been involved in many extensive investigations which have greatly contributed to the fight against crime and corruption in our State. I am convinced, as was the Weintraub Committee, that the S.C.I. has performed a very valuable function and that it should be continued.

I also concur with the other provisions of A-1275 which implement the Weintraub Committee's recommendations, such as the provisions for the staggering of the terms of the Commissioners, the expansion of individual rights and the creation of a criminal offense for refusal to testify after having been granted immunity

However, I object to the bill's provision that the Governor's appointees be subject to Senate confirmation. I point out initially that this was not recommended by the Weintraub Committee, nor by the Forsythe Committee report which, as indicated earlier, was responsible for the agency's creation. One familiar with the S.C.I.'s history knows that the agency was intended to be a creature of two of the three branches of government. Only as such, and with bi-partisan membership, could the S.C.I. be assured of the independence it needs to carry out its mandate.

I believe that Senate confirmation of the Governor's appointments to the S.C.I. would so undermine the basic philosophy of the agency as to bring its independence (and therefore its usefulness) into question.

With regard to Section 13 of A-1275, I believe that we should adopt the Weintraub Committee's recommendation that persons sentenced upon conviction for criminal contempt ". . . should not be eligible for parole consideration under statutes relating to parole unless it is shown that the defendant has furnished the testimony or evidence since the return of the indictment." (at page 25). Therefore, I recommend that the language in Section 13 be clarified to specify this intent.

Accordingly, I herewith return Assembly Bill No. 1275 for reconsideration and with the recommendation that it be amended as follows:

Page 2, section 1, line 10, delete "with advice and consent of the Senate".

Page 2, section 1, line 28, after "days" delete ";" and insert "." instead.

Page 2, section 1, lines 29 and 30, delete entirely.

Page 2, section 1, line 31, delete from "shall" to "Senate."

Page 9, section 13, line 10, after "law," delete "any" and insert "no" in its place.

Page 9, section 13, line 12, after "sentence" add "except".

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,
Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
November 19, 1979.

ASSEMBLY BILL NO. 1410 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I return Assembly Bill No. 1410 (OCR), with my objections, for reconsideration.

This bill would establish a uniform statutory scheme for determining vacancies in certain appointive offices. The provisions of this legislation would apply to appointments for specified terms made by the governing body or chief executive of any county or municipality.

On April 26, 1979 I enacted S-1217, the Municipal Vacancy Law (P. L. 1979, c. 83), which concerns vacancies in the office of mayor and in the membership of the governing body of municipalities. This bill would establish similar requirements as those set forth in S-1217 for determining when and under what circumstances a vacancy exists in appointive local offices as modified to reflect the fact that the bill would apply to appointive, rather than to elective offices. However, there is one requirement which differs between these bills which should be made more consistent.

Under the Municipal Vacancy Law the office of mayor or a member of the municipal governing body is deemed vacant upon the filing of a written resignation by the office holder with the municipal clerk. This bill would establish that an appointive office for a specified term is deemed vacant upon the acceptance by the appointing authority of the appointed officer's duly filed written resignation. One purpose of this legislation is to clearly and specifically indicate under what circumstances an appointive office would be deemed vacant. In my judgment, this purpose would be better served by establishing that a vacancy in an appointive office would occur upon the filing of a written resignation rather than upon acceptance of a resignation by the appointing authority.

Accordingly, I respectfully recommend the following changes in Assembly Bill No. 1410 (OCR):

Page 1, section 1, lines 8-8b: delete all language after ''Upon the'', and insert ''filing by such officer of his written resignation.''

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,
Governor.

Attest:
/s/ HAROLD L. HODES,
Chief of Staff, Secretary.

Assembly Bill No. 1462 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1462 (2nd OCR), without my approval.

This bill would make it an unlawful practice to solicit business by means of printed material which looks like a bill, invoice or statement unless the material is plainly marked "NOT A BILL."

Federal postal regulations presently restrict abuses of this nature. Indeed, the bill itself refers to the need to additionally comply with such postal service law (39 U.S.C. 3001) and regulations.

This bill is an illustration of the kinds of legislation which may be of some utility to someone at sometime, but need not be memorialized in our statutory codes. Ample protections exist and hence this bill would unnecessarily burden legitimate businesses without any sufficient counterbalancing benefits to society as a whole.

There is, therefore, no need for further consideration of Assembly Bill No. 1462 (2nd OCR).

Respectfully,

/s/ BRENDAN BYRNE,
Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
December 3, 1979.

ASSEMBLY BILL NO. 1144

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1144, with my objections, for reconsideration.

This bill would declare all agreements to waive the right to file or enforce a mechanic's lien created under article 10 or article 11 of chapter 44 of Title 2A of the New Jersey Statutes void as against public policy. The bill would change current case law, which treats the lien right as a "personal privilege" of the laborer or materialman which may be knowingly waived. *General Electric Corp. v. E. Fred Sulzer and Co.*, 86 N.J. Super. 520, 529 (L. Div. 1965), aff'd 92 N.J. Super. 210 (App. Div. 1966).

I see no reason for a broad prohibition of lien waivers. Such agreements, when negotiated at arms length, can be justified by important economic and business reasons. In order to ensure that such agreements are entered into knowingly, I recommend that the bill be amended to require the waiver to be in writing and conspicuous.

Accordingly, I herewith return Assembly Bill No. 1144 for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Lines 1-9: Omit entirely and insert:

> "Any provision of any contract or other agreement whereby the rights afforded by article 10 or article 11 of this chapter are waived must be in writing, conspicuous, and signed by each party to be bound by the waiver."

Page 1, Section 2, Line 1: Omit "Immediately" and insert "45 days following enactment. This act shall apply to all contracts or other agreements executed on or after the effective date."

Respectfully,

/s/ BRENDAN BYRNE,
Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

ASSEMBLY BILL NO. 3313

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 3313, with my objections, for reconsideration.

This bill would amend the law permitting a local sales tax to be imposed by cities of the fourth class, commonly known as the "Luxury Tax," and presently in effect in Atlantic City. The tax would be reduced from 5% to 3% by July 1, 1982 and the revenue would be shifted from the Atlantic City treasury to a special fund dedicated to the payment of principal and interest on bonds issued by the Atlantic County Improvement Authority. The bill would also narrow the base of the Luxury Tax and would subject sales in Atlantic City to the State sales tax by July 1, 1981.

The bill is connected with Assembly Bill No. 3430 which would grant new powers with respect to housing development to the Atlantic County Improvement Authority.

I agree fully with the intent of this legislation and would suggest amendments only as to the timing of the shift of revenues from the city to the State and County Improvement Authority. I believe that the recent dramatic rise in property values due to legalized gambling in Atlantic City will permit the city government to replace lost revenues in the immediate future and that the bill as passed unnecessarily extends the transition period.

Accordingly, I return Assembly Bill No. 3313 and recommend that it be amended as follows:

Page 2, Section 2, Line 15: Delete "1983", insert "1981" in two places.

Page 2, Section 3, Line 12: Delete "75%", insert "66⅔%".

Page 3, Section 3, Line 14: Delete "25%", insert "33⅓%".

Page 3, Section 3, Lines 20-24B: Delete lines in their entirety.

Page 3, Section 3, Line 25: Delete “(d)”, insert “(c)”; Delete “1983”, insert “1982”.

Page 12, Section 19, Lines 130-132: Delete lines in their entirety.

Page 12, Section 19, Line 133: Delete “(iv)”, insert “(iii)”; Delete “1983”, insert “1981”.

Respectfully,

[SEAL] /s/ BRNEDAN BYRNE,
Governor.

ASSEMBLY BILL NO. 176 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I return Assembly Bill No. 176 (2nd OCR), with my objections, for reconsideration.

This bill would establish a rebuttable presumption of unconscionability if certain elements were found to exist in a lease involving parking, recreational or other common facilities or areas of a condominium development. Rather than a lessee having to show that a lease is unconscionable, the bill would provide that certain elements in a lease are presumed unconscionable and that the lessor would have to establish that they in fact are not unconscionable.

The bill also would establish a rebuttable presumption of unconscionability with respect to provisions of sales contracts of condominium units and with respect to condominium association bylaws which would arise whenever such sales contract or bylaws contained a provision affording the developer or association the right of first refusal to buy a condominium unit upon resale by the unit owner. While this section is intended to increase protection to condominium owners and purchasers it in fact would weaken the protection presently provided them by the Planned Real Estate Development Disclosure Act, R. S. 45:22A–21 et seq. Under this act the Department of Community Affairs has adopted regulations which prohibit:

> A clause or provision giving the developer or his agent the option of repurchase, the right of first refusal or other similar option or right, except in retirement communities where it shall be permitted provided it is at the full purchase price and is exercised within ten days notice (N. J. A. C. 5:26–6.5(j)).

Enactment of the bill in its present form could be interpreted as implicitly overruling this prohibition. The Department of Community Affairs informs me that they have been enforcing the prohibition in all registrations by requiring developers to remove the right of first refusal from all documents. If the condominium owners wish to include such a provision in the bylaws when they assume control of the association they may do so. The unit owner and purchaser would be protected since the presumption of unconscionability would apply in this case. I am recommending that the bill be amended to eliminate the reference concerning the right of first refusal to a developer so that the present regulations under the Planned Real Estate Development Full Disclosure Act would continue to apply. In this manner, the condominium owner would have a greater degree of protection than that which would be afforded by the bill as passed.

Accordingly, I respectfully recommend the following changes in Assembly Bill No. 176 (2nd OCR):

Page 2, Section 1, lines 27 and 28: Delete "the developer or".

Page 2, Section 1, line 30: Delete "the developer or".

Page 2, Section 1, line 35: Delete "the developer or".

Page 4, Section 6, lines 2 and 3: Delete "contracts for the sale of condominium units or of".

Page 4, Section 6, line 4: Delete "contract or".

Page 4, Section 6, line 5: Delete "the developer or".

Page 4, Section 6, lines 7 and 8: Delete "the developer or".

Page 4, Section 6, line 10: Delete "a contract or of".

Page 4, Section 6, lines 12 and 13: Delete "to any contract heretofore or hereafter executed for the sale of a condominium unit and".

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,
Attest: *Governor.*

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
December 6, 1979.

ASSEMBLY BILL NO. 871

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I return Assembly Bill No. 871, with my objections, for reconsideration.

This bill would repeal the section of the Banking Act of 1948 which prohibits an officer, director or employee of any bank from being, directly or indirectly, an incorporator of another bank. While I agree that there is no need to have a blanket prohibition, I am concerned that this bill could be interpreted as validating the action of an officer, director or employee which might be a violation of fiduciary duty, an antitrust law or some other applicable law. For this reason, I ask you to amend this bill to make it clear that an officer, director or employee of a bank may be an incorporator of another bank only when such action is not inconsistent with such person's fiduciary duty or other applicable law.

Accordingly, I respectfully recommend the following changes in Assembly Bill No. 871:

Page 1, Section 1, Line 3: Omit ".".

Page 1, Section 1, Line 4: After line 4, insert "; officers, directors and employees as incorporators."

Page 1, Section 1, Line 5: After "[A.]", insert "A.".

Page 2, Section 1, Line 31: After "bank.]", insert:

"B. An officer, director or employee of any bank may be an incorporator of another bank when not inconsistent with such person's fiduciary duty or other applicable law."

Respectfully,

/s/ BRENDAN BYRNE,

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
December 17, 1979.

ASSEMBLY BILL NO. 267

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 267 with my objections for reconsideration.

This bill would provide for the escheat of unclaimed pension payments held in State-administered retirement systems. If the whereabouts of a person remained unknown for 5 successive years, or if the pension payment remained unchanged for such period, the matter would be referred by the Director of Pensions to the Attorney General who in turn would institute an escheat action in the name of the State. The action would allow a person having an interest in the money to make a claim for recovery within 2 years after the filing of a final judgment of escheat.

I believe the intent of the bill is commendable. The method of escheat which the bill would authorize causes me some concern, however. Title 2A of the New Jersey Statutes establishes two procedures by which the State may obtain judgment of escheat. The first or traditional method would be authorized by this bill and would give the State absolute title to the escheated property two years after judgment.

There is a preferable alternative method which has two advantages. It provides for an administratively simpler summary action to obtain a judgment and, more importantly, provides that the State Treasurer may refund a legitimate pension claim at any time. No person, therefore, would be denied their legitimate pension even though, by mistake or inadvertance, they had failed to make a timely claim.

Accordingly I herewith return Assembly Bill No. 267 for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Lines 1-11: Delete in its entirety and insert the following:

1. As used in this act:

a. "Pension payment" means and includes inactive accounts, pensions, and allowances due and payable to a member or former member of a State-administered pension or retirement system, or to his survivors or estate.

b. "Years" means fiscal years commencing July 1 and ending June 30.

Page 1, Section 2, Line 4: Delete "unchanged" and insert "unclaimed or inactive".

Page 1, Section 2, Lines 5-8; After "years," delete in its entirety and insert:

the pension payment shall be presumed abandoned and subject to delivery to the State Treasurer for safekeeping in accordance with sections 5, 6, 7, 10 and 11 of P. L. 1967, c. 135 (c. 2A:37–31, 32, 33, 36, 41, and 43).

Respectfully,

ASSEMBLY BILL NO. 1285 (3rd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I am returning Assembly Bill No. 1285 (3rd OCR) without my approval.

The stated purpose of Assembly Bill No. 1285 (3rd OCR) is to regulate the performance of abortions in the State of New Jersey.

I have expressed my personal and moral reservations on abortion. My recent veto of the capital punishment bill demonstrates my concern for human life. On that occasion I stated:

> Clearly the preservation of human life and protection of the safety of our citizens are among the highest goals of state government.

I do not believe we have the right to impose our moral views on society even though we might be the clear majority. With this in mind and despite personal feelings, I feel it inappropriate for me to approve a bill which will substantially impair a woman's constitutionally recognized right to privacy in the matter of abortions.

I respect the Legislature's deliberations and efforts to fashion a bill in this area which is fraught with legal pitfalls. Nevertheless, there are still questions about the constitutionality of the bill. After careful consideration, I have concluded that the cumulative effect of the provisions of Assembly Bill No. 1285 would not be to regulate reasonably but rather to erode substantially the right of a woman to choose to have an abortion in this State.

I am troubled by certain aspects of the informed consent provisions of the bill, specifically those provisions which require a physician to advise a woman of a detailed list of factors she should consider. I am informed by Commissioner Finley that many of the statements required to be included on the consent form regarding risks of abortion have not been medically proven. The listed factors emphasize only the negative aspects of abortions rather than presenting a balanced framework for an intelligent, informed choice. A reasonable regulation would explain all of the factors to a woman making this choice.

Other areas of legal concern include the procedure for parental notification, the twenty-four hour waiting period and the requirement that all abortions after the twelfth week be performed in a hospital. This latter requirement is in direct conflict with pertinent regulations of the State Department of Health and the State Board of Medical Examiners which permit licensed independent clinics to perform abortions, in certain instances, up to the fourteenth week of gestation.

In addition, the proposed law requires physicians performing abortions to undertake numerous record keeping and reporting responsibilities. It requires that under certain circumstances a physician present written justification for his medical decisions. These difficult medical determinations and reports must be made under the pressure that the physician may face criminal liability if he contravenes the proposed law. Many of these record keeping and reporting requirements may infringe upon the practice of medicine and are of no public health significance or value to the Department of Health. The total impact of the record keeping and reporting requirements, the difficult medical determinations and the threat of criminal liability is likely to deter many physicians from performing abortions in this State.

As a former prosecutor of criminal abortion cases, I know the human tragedy that can result from illegal abortions. Now that abortions within constitutional guidelines are permitted it would be distressing to see the return of the back alley abortion because licensed physicians are reluctant to perform abortions.

Finally, if abortions become difficult to obtain in New Jersey, those of our citizens who are financially able to do so will seek them in our neighboring states. Thus to many New Jersey residents our regulation will be meaningless.

While this bill has the effect of going beyond its stated purpose of reasonably regulating abortions in the State of New Jersey, some regulation in this area may be in order. For example, there is presently no specific statute imposing criminal liability on unlicensed persons who perform abortions.

For all of the above reasons, I am returning Assembly Bill No. 1285 (3rd OCR) without my approval.

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,

ASSEMBLY BILL NO. 1623 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1623 (2nd OCR) with my objections.

This bill would require payment of the prevailing wage on all construction contracts in connection with projects receiving financial assistance from the New Jersey Economic Development Authority. The bill would also require the Authority to adopt an affirmative action plan consistent with the provisions of the "Law Against Discrimination," P. L. 1945, c. 169 (C. 10:5–1 *et seq.*).

I fully support the basic purposes of this bill. In fact, the New Jersey Economic Development Authority adopted a prevailing wage regulation on July 17, 1979. The regulation was filed on August 24, 1979. See N. J. A. C. 19:30–3.1 *et seq.* The Authority adopted an affirmative action program consistent with the "Law Against Discrimination" on October 16, 1979.

Were it not for the fact that the New Jersey Economic Development Authority's power to adopt a prevailing wage regulation is being challenged in the courts, this bill would be unnecessary. *New Jersey Business and Industry Association et als v. New Jersey Economic Development Authority.* Supreme Court of New Jersey Docket No. 16,449. The Authority's power to adopt such a regulation is clear. See for example, N. J. S. 34:1B–5(e), (l) and (q).

Because the New Jersey Economic Development Authority's power has been challenged, I intend to approve the bill if it is revised in accordance with my recommendations. The Authority should be given explicit power to adopt its prevailing wage regulation. It should also be given authority to adapt the regulation to current economic circumstances. The existing regulation applies only to construction contracts in excess of $2,500. In addition, the provision in this bill which would require the Authority to discontinue its assistance if the prevailing wage is not paid would severely impair the marketability of the Authority's bonds. There are other equally effective methods of enforcement which would not have that effect.

Accordingly, I herewith return Assembly Bill No. 1623 for reconsideration with the following recommendations:

Page 1-2, Section 1-3: Omit entirely and insert:

> "1. The New Jersey Economic Development Authority shall adopt rules and regulations requiring that not less than the prevailing wage rate be paid to workers employed in the performance of construction contracts undertaken in connection with Authority financial assistance. The prevailing wage rate shall be the rate

determined by the Commissioner of Labor and Industry pursuant to the provisions of P. L. 1963, c. 150 (C. 34:11–56.25 *et seq.*).

2. The rules and regulations adopted under section 1 of this act shall provide for the proper and appropriate administration and enforcement of such regulations, and for the coverage and exemptions, if any, of such rules and regulations, which the Authority may determine are appropriate and consistent with its public purpose and purpose of this act.

3. A violation of the rules and regulations adopted pursuant to section 1 of this act shall be deemed to be a violation of P. L. 1963, c. 150 (C. 34:11–56.25 *et seq.*). The Commissioner of Labor and Industry and any worker shall have the same powers of enforcement against violations of such rules and regulations as are provided by Sections 11 through 16, inclusive, of P. L. 1963, c. 150 (C. 34:11–56.35—34:11–56.40).''

Page 2, Section 4, Lines 1-9: Omit entirely, insert:

''4. The New Jersey Economic Development Authority shall adopt rules and regulations to establish an affirmative action program for the hiring of minority workers employed in the performance of construction contracts undertaken in connection with projects receiving Authority assistance, consistent with the provisions of the ''Law Against Discrimination,'' P. L. 1945, c. 169 (C. 10:5–1 *et seq.*) and the Authority shall provide for the proper enforcement and administration of such rules and regulations.''

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,
Attest: *Governor.*

State of New Jersey,
Executive Department,
January 7, 1980.

Assembly Bill No. 687

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 687, without my approval.

This bill would provide that no rule or regulation adopted pursuant to the Noise Control Act of 1971 could "... restrict the authorized time or frequency of use of stationary emergency signaling devices to alert children and the public of the closing of public schools due to inclement weather." The present rules of the Department of Environmental Protection implementing that act only regulate the testing of emergency signaling devices. They do not, however, control or prohibit their use for emergency purposes. Many emergency signaling devices used to notify school children of school closings are part of the National Warning System (NAWAS) and are also needed to warn the community of attack or imminent public danger such as flooding or explosion. Such devices are regulated by the Emergency Management Section of the New Jersey State Police, not by the Department of Environmental Protection.

Should the local Civil Defense and Disaster Control director determine that imminent public danger exists as a result of certain weather conditions, the sounding of fire horns would be permitted. Should it not be determined to be an emergency, the State Police would prohibit the use of a siren. The Department of Environmental Protection regulations reflect this policy and have the support of the State Police.

There is, therefore, no need for further consideration of Assembly Bill No. 687.

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,
Governor.

Attest:
/s/ HAROLD L. HODES,
